## We are **Vruksha Landscapes**

*For cleaner, greener, and better spaces*

We believe that beautiful and green surroundings bring us happiness. It gives us peace of mind in today's chaotic world, gets us closer to nature and improves the quality and productivity of our lives. With this passion, aimed at reforming the spaces that we live and work in, we launched Vruksha Landscapes in early 2000 to focus exclusively on landscape development.

Vruksha Landscapes, a Vaichal Group Enterprise, has been a landscaping specialist for over 11 years. Our strong commitment to quality has earned us our ISO 9001-2008 certification.

At Vruksha Landscapes, holding integrity and customer satisfaction as our primary ideals, we strive hard to consistently deliver the highest quality of products and craftsmanship as well. We have worked with some of the most renowned landscape architects in the country on several projects in residential as well as commercial/institutional sectors.

Our network comprises competent consultants, agencies, suppliers and sub-contractors who have helped us achieve success over the years. We pride ourselves in being able to deliver to the exacting standards that are expected of us, within demanding timelines, at extremely competitive prices.

Twenty years in the construction business has left us with a good reputation and standing,

As landscape projects vary in size, the project management, processes, methods and technology also differ accordingly. **Vruksha**, being one of a kind organization in landscape projects, has executed projects over the full range of project scales. We have done small individual residential gardens as well as large institutional projects requiring mass land development.

There are innumerable combinations of materials and their respective specifications involved in hardscape. We have spent time developing a strong network of suppliers and agencies throughout the country to achieve consistent sourcing of all these materials with specific requirements of colours, sizes and other qualities. With our experience in working with a gamut of materials not only in natural stones but also in RCC, ferrocrete, fabrication etc., we are capable of delivering high level of craftsmanship in all the hardscape items.

Scale	Expertise
Scope	System

At Vruksha, we offer turnkey execution for Landscape Projects. With the support of a construction company as our sister organization, we have the capacity and capability to execute almost all civil work, in-house. For rest of the work, we have associated ourselves with specialized agencies and identified experts in the concerned areas. Over the years we have developed our expertise in certain key areas typical to any landscape project.

We take the quality and reliability of our work, **seriously**.

To meet exacting quality standards, we have a quality cell with trained professionals to perform tests on raw materials as well as finished items. To get the desired reliability in all our activities, we have systematic processes and documentation to support it. Our efforts in this direction have earned us an ISO 9001-2008 certification.

The Leader

**Sanjay Vaichal**  
Managing Director of Vaichal Group

Mr. Vaichal has an experience of more than 30 years in the construction industry and 10 years specifically in landscape contracting. It was with his vision and guidance that the group thought of forming Vruksha Landscapes, a firm dedicated specifically to Landscape projects. He has been a past Chairman of Builders Association of India and associated with several organizations like PCERF, AESA and IPA. In spite of his busy schedule, he still finds time for photographyhis hobby and passion.

Our Strength

**Raghavendra Phadnis**  
Sr. Project Manager

Mr. Phadnis has had a vast experience of 25 years in residential construction and landscape projects. His forte is in finishing and hardscape items especially stone works. His rich experience and deep knowledge has allowed Vruksha to deliver challenging landscape projects in time and exceeded expectations in terms of quality.

**Mohan Gaikwad**  
Project Manager

Though Mr. Gaikwad has worked on industrial and infrastructure projects like roads and dams in the past, he takes a keen interest in landscape projects and has been with Vruksha since he joined our group. In landscape, he has technical specialization in fabrication, water bodies and stone flooring works. His curious nature has made him enthusiastic about R&D in this area.

**Shweta Thakur**  
Project Manager

We have Ms. Thakur working at the back end in the area of Estimation, Billing, tendering. She has done lot of work in costing of varied items in landscape and is an expert in the estimation of fancies and fantasies of landscape architects. She is of immense help in sourcing of specific items executed in landscape contracts. Hobbies of painting and gardening is an added advantage in landscape.

## What they say about us

Vruksha has executed hardscape works for Landscaped areas in Magarpattacity and Nandedcity extremely artistically and meticulously giving full justification to the concept and drawings by the Landscape consultant. The Hardscape works executed by Vruksha have been well appreciated by all our customers.

Keep it up

Regards

### Umesh Magar

Director, Magarpattacity, Nandedcity.

I have known Vruksha Landscapes for the past six years as our landscaping contractors for Chinmaya Vibhooti Vision Center spread over a hilly terrain of 65 acres in Kolwan near Pune. Good workmanship, particular attention to detailing and timely completion are some of their attributes. Sri Sanjay Vaichal & his able team have been very supportive throughout in all tasks undertaken by them so far.

I wish them all the success in their future endeavors.

### Ravindra Damle

General Manager Estates,  
Chinmaya Vibhuti, Kolwan.

Our association with Vruksha for over last 10 years is based on the desire they share with us to explore & experiment with new materials, details & methodologies.

Their constant endeavor to improve qualitatively makes Vruksha one of the sought after construction companies specialized exclusively in landscape civil works.

### Varsha Gavandi,

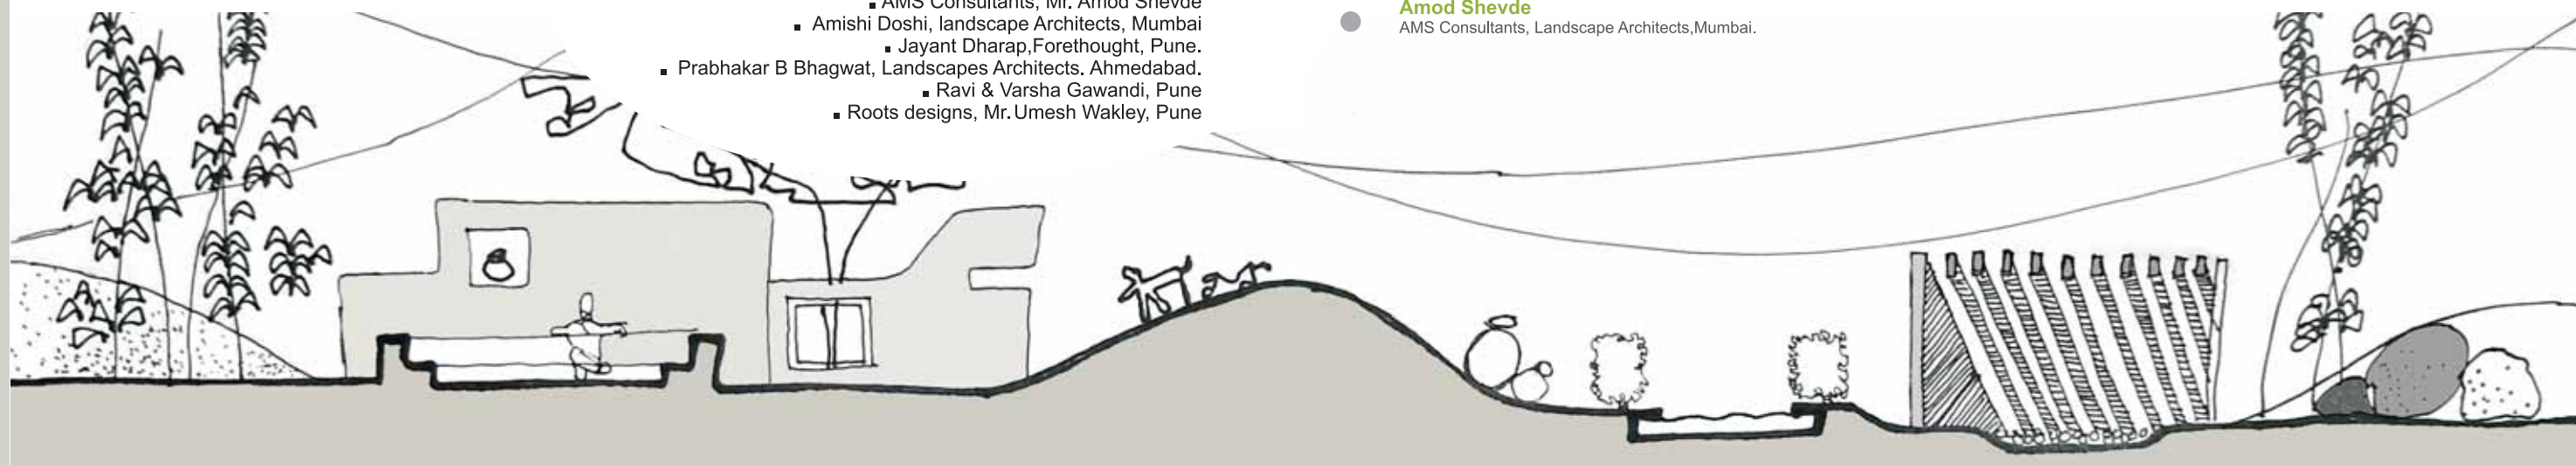

Ravivarsha Landscape Architects.

M/s Vruksha landscape are one of the specialized landscape civil contractor among the Limited pool of landscape civil work specialist, who can understand the language of landscape Consultants dwgs / detailing and at the same time can execute the same. Due to their association with number of landscape professionals on various assignments Vruksha landscape have gathered Valuable experience in terms of material sourcing and construction techniques specifically addressing to landscape civil work.
